

Internet Acceptable Use Policy

General Approach

The aim of this Internet Acceptable Use Policy (AUP) is to ensure that pupils will benefit from the learning opportunities offered by the school's internet resources in a safe and effective manner. Internet use and access is considered a school resource and privilege. If the school AUP is not adhered to this privilege may be withdrawn and appropriate sanctions will be imposed.

This Acceptable Use Policy applies to pupils and staff who have access to and are users of the internet in Woodland National School. Misuse of the internet may result in disciplinary action, including written warnings, withdrawal of access privileges and, in extreme cases, suspension or expulsion. The school also reserves the right to report any illegal activities to the appropriate authorities.

Woodland National School will deal with incidents that take place outside the school that impact on the wellbeing of pupils or staff under this policy and associated codes of behaviour and anti-bullying policies. In such cases Woodland National School will, where known, inform parents/guardians of incidents of inappropriate online behaviour that take place out of school and impose the appropriate sanctions.

This policy and its implementation will be reviewed annually by the Board of Management, teaching staff, parents and pupils. Should serious online safety incidents take place, the Principal should be informed immediately. The implementation of this Internet Acceptable Use policy will be monitored by the Principal, the Digital Learning Team and the Board of Management.
